NOTES TO TIF REPORT

NOTE 1 - TIF District Information

The City of Delafield, Wisconsin, Tax Incremental Financing District No. 4 (the "District") was created under the provisions of Wisconsin Statute Section 66.1105. The purpose of that section is to allow a municipality to recover development and improvement costs in a designated area from the property taxes generated on the increased value of the property after the creation date of the district. That tax on the increased value is called a tax increment.

Project costs may not be incurred longer than 5 years prior to the termination date of the district. The statutes allow the municipality to collect tax increments until the net project cost has been fully recovered, or maximum life based on the resolution date and type of TID, whichever occurs first. Project costs uncollected at the dissolution date are absorbed by the municipality.

	Creation Date	Last Date to Incur Project Costs	Final Dissolution Date
District #4	June 18, 2012	June 18, 2027	June 18, 2032

NOTE 2 - Long Term Debt

All general obligation notes and bonds payable are backed by the full faith and credit of the municipality. Notes and bonds borrowed to finance District expenditures will be retired by tax increments accumulated by the debt service. If those revenues are not sufficient, payments will be made by future tax levies.
